EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Karri Kuenzli Bradley on December 1, 2010.

The application has been amended as follows:

IN THE CLAIMS:

Amend the allowed claims 46, 72 and 73 as follows:

46. A method of identifying a compound that decreases binding of an HIV envelope protein to a full length wild-type human Rab9 protein, comprising:
contacting the full length wild-type human Rab9 protein with an HIV envelope protein and a test compound to allow interaction between the full length wild-type human Rab9 protein and the HIV envelope protein; and
determining whether binding of the HIV envelope protein to the full length wild-type human Rab9 protein is decreased in the presence of the test compound, the decrease in binding being an indication that the test compound decreases the binding of the HIV envelope protein to the full length wild-type human Rab9 protein.

72. The method of claim 46, wherein the method comprises expressing the full length wild-type human Rab9 protein in a cell, and contacting the full length wild-type human Rab9

protein with the HIV envelope protein and a test compound comprises exposing the cell to the HIV envelope protein and the test compound.

73. The method of claim 46, wherein the full length wild-type human Rab9 protein or the HIV envelope protein comprises a label, and determining whether binding is decreased comprises detecting an amount of label present on full length wild-type human Rab9 protein or the HIV envelope protein.

Examiners comment

Claims 46, 72 and 73 were amended to overcome the remaining written description issues discussed in the non-final Office action on April 15, 2010 and to clarify the location of the label.

Conclusion

Claims 46, 72 and 73 are allowable.
